datto

Datto Inc. is the preferred provider of hybrid cloud-based backup, disaster recovery (BDR) and Business Continuity (BC) solutions for the Channel. Datto provides best-in-class technology and 24/7/365 Tech Support to its 8,000 partners worldwide.

The Datto product line is comprised of Datto SIRIS 2, Datto ALTO XL, Datto ALTO 2, and Datto NAS. Its solutions serve the needs of businesses of every size, with options ranging from 150GB to 100TB. Unique feature sets include instant local and off-site virtualization, Screenshot Backup Verification™, Inverse Chain Technology™, Backup Insights™ and End-to-End Encryption.

Datto Partners sell the solutions into a wide range of vertical markets including: small business, healthcare, financial, education, banking, legal, manufacturing, retail, and municipal.

Datto has alliances with leading technology providers to deliver the most robust and seamless solutions available, such as: AutoTask, AVG Technologies, ConnectWise, Kaseya, Servoyant, and StorageCraft. Founded in 2007 by Austin McChord, Datto is privately held.

POWERED BY STORAGECRAFT. Datto SIRIS 2 uses ShadowSnap™, a custom agent co-developed with StorageCraft. This alliance combines Datto's ingenuity and innovation with StorageCraft's reputation for legendary reliability.

Datto is honored to receive numerous industry awards, including:
